

CyberIntelligence360

Documentation, Disclaimer & Acceptable Use Policy

1. Overview

CyberIntelligence360 is an educational web-based platform developed to support students, researchers, and cybersecurity learners in understanding the fundamentals of Cyber Intelligence and Open-Source Intelligence (OSINT).

The platform organizes publicly available tools and learning resources to help users explore digital investigation concepts in a responsible and ethical manner.

CyberIntelligence360 is intended strictly for **academic, educational, and research purposes**.

2. Reference & Inspiration

This project is conceptually inspired by:

OSINT Framework

CyberIntelligence360 does not claim ownership of any third-party tools, links, or services referenced on this platform. All trademarks and resources belong to their respective owners.

3. Educational Purpose Only

All content provided on CyberIntelligence360 is meant exclusively for:

- Academic learning
- Cybersecurity awareness
- Ethical research
- Personal skill development

The platform must NOT be used for:

- Illegal data collection
- Unauthorized surveillance
- Privacy violations

- Harassment or stalking
- Malicious cyber activities

Any actions performed using information from this website are the sole responsibility of the user.

4. Legal Disclaimer

CyberIntelligence360 does not host, operate, or control any external tools listed on this website.

We are not responsible for:

- User behavior or activities
- Misuse of external resources
- Damages caused by third-party services
- Legal consequences arising from improper usage

Users must ensure compliance with applicable local, national, and international laws.

By accessing this platform, you acknowledge that CyberIntelligence360 and its creator assume no liability for misuse.

5. Ethical Use Policy

Users are strongly encouraged to follow ethical cybersecurity practices and respect privacy rights.

Cybersecurity knowledge should always be applied to **defensive and educational purposes**, never for exploitation or harm.

6. Acceptance of Terms

By using CyberIntelligence360, you agree to this documentation, disclaimer, and acceptable use policy.

If you do not agree, please discontinue use of this platform.
